

Barcelona Summer School on Higher Education Policy and Management

Training Professionals to Lead Innovate Institutions

18th - 21st June 2024

The **Global University Network for Innovation (GUNi)** is happy to announce the launching of the **Higher Education Management Hub** aimed at enabling qualified professionals to establish new governance models and to lead processes of change and transformation at the forefront of the HEIs.

The Barcelona Summer School on Higher Education Policy and Management is a new program designed to reach these goals.

The goal of the [*Barcelona Summer School*](#) is to train university leaders and managers with the knowledge, values, skills and experiences required to become agents of innovation and institutional transformation to lead a more resilient, sustainable and socially responsible institutions.

You will learn from lecturers and speakers who are experts, professionals and decision-makers with an international renown in the fields of higher education policy and management, as well as in the management of institutional innovation and transformation.

The programme is aimed at leaders and managers of higher education institutions around the world, as well as professionals from competent organisations in higher education such as government ministries, quality agencies and others. Participants in the *Barcelona Summer School* will become part of the [*Higher Education Leadership and Management Hub*](#) of GUNi, a space for expert knowledge, exchange, and professional development for university leaders and managers from around the world, which will grow over the years.

Registration is open. The number of places is limited. **Register before April 30th and benefit from the early bird discount.** Applications will be evaluated on a rolling basis by GUNi Secretariat.
