Research Excellence & Citation Impact: Understanding the Highly Cited Researchers Framework التميز البحثي وتأثير الاستشهادات: فهم إطار الباحثين الأعلى استشهادًا

Dubai, UAE | 19–20 November 2026

About the Workshop

The Association of Arab Universities (AArU), in collaboration with Clarivate, is organizing a two-day workshop aimed at providing Arab universities with a deeper understanding of the Highly Cited Researchers (HCR) framework, citation impact, and research influence, while exploring ways to foster strong research environments that support high-impact and highly cited research.

Dr. Ayman Akil
Director, Academia & Governments
MENA region, Consulting
Clarivate

Workshop Focus

- Understanding the methodology behind the Highly Cited Researchers list
- Exploring the indicators associated with the HCR framework
- Understanding citation impact and research influence
- Learning how to foster strong research environments
- Supporting the development of high-impact research
- Promoting research that achieves high citation rates
